

DRIVING INSTRUCTIONS

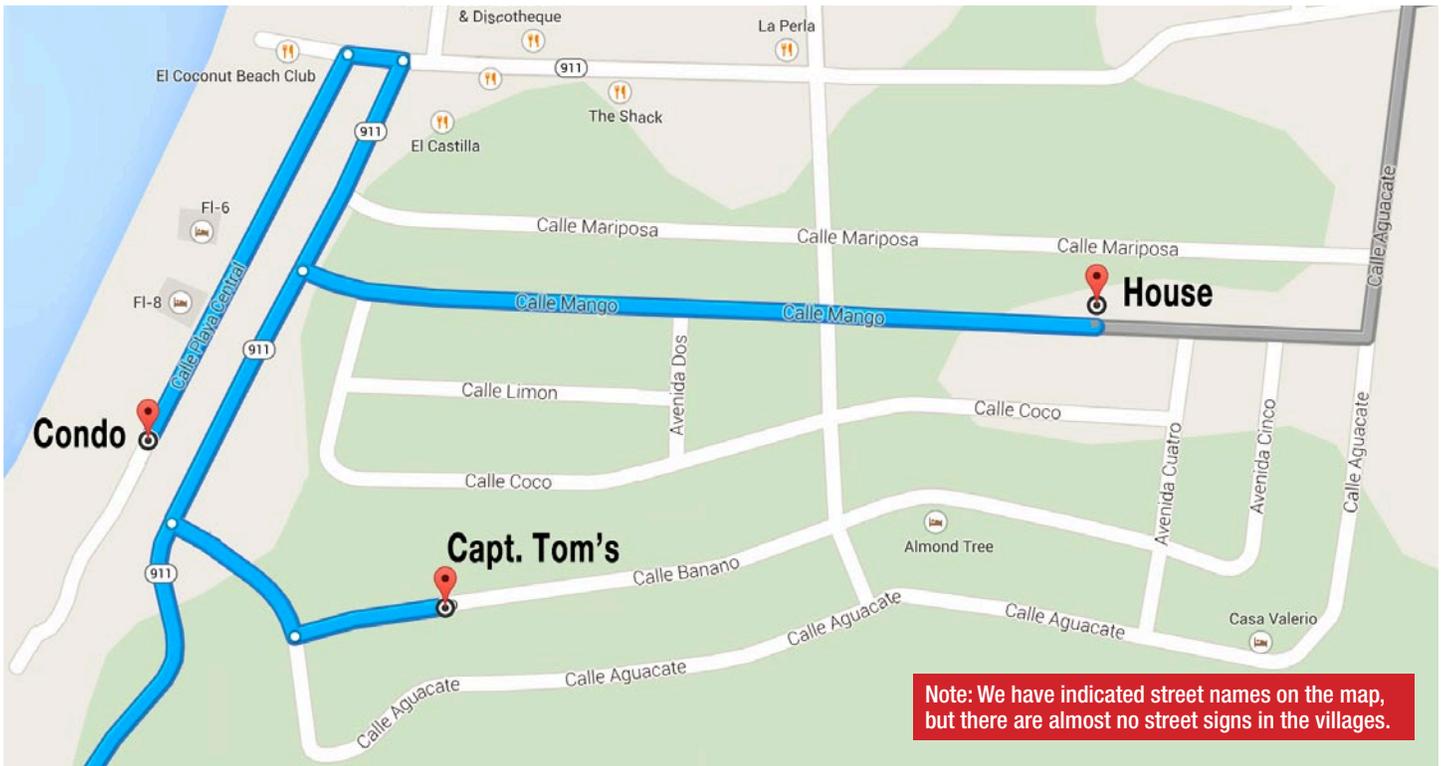

Liberia (Airport) to Surfside (approx. 65km)

1. Leaving the airport, turn right and head away from the centre of Liberia city and towards the beaches, following the signs through Guardia and Filadelfia to Belén. (29km)
2. Arrive in Belén and turn right just before the gas station. There is a Super Compro supermarket just before, and a Musmani Bakery at this intersection.
3. Keep going straight (4km) until you hit the T-junction in the small village of Santa Ana (maybe no sign). Turn left, staying on the paved road.
4. Just before you reach the big hills (14km), there is a gas station on the left, Oasis. Fill up here because there is no other station in the Flamingo/Potrero area.
5. Descend the hills with an ocean view and you are in Huacas. Bear right past the left turn to Tamarindo. There is another Super Compro supermarket on the right if needed. Continue straight to the T-junction, and turn right towards Flamingo/Potrero, following the signs, for about 5km to Brasilito.
6. Pass through Brasilito. Note the “Yield” sign as you approach the one lane bridge. Slow down for 3 (count ‘em 3) speed bumps as you pass by the soccer field on your left. Turn right just past Tiki’s Restaurant (on your right).
7. Keep going straight about 4km, coming through an area of shops and banks, until you see the Banco Nacional building on the left. Turn right and follow the road around to Surfside.

ALWAYS slow down for speed bumps in Costa Rica, they are NOT fooling around!

NOTE: Google indicates an alternate route (39km). This is called the Monkey Trail and unless you’re brave, have a 4-wheel drive vehicle and daylight, it would be unwise to attempt it.

CONDO

8. After 2 km or so, you will see an open-air fresh produce market on the left. Continue on to where you see the main road turn right - this is where you turn **left** towards the ocean, then turn immediately left again.
9. Continue another 300m almost to the end and turn right into the first parking spot of the second-last building on the road. This is Endless Beach Condos and our unit is #3 upstairs to the right.

HOUSE

8. After 2 km or so, you will see an open-air fresh produce market on the left. Turn right onto the road just before this, go about 100m and turn left onto Calle Banano. Continue 100m to a house on the left with a sign, "Casita Realty." Tom's office is on the right side of his house.
9. To reach our house, continue another 300m and turn left (Avenida Tres). Turn right at the second street (Calle Mango) and continue 200m to a terracotta house on the left with a black steel gate and the number I-51.
